

Brown County Curbside Recycling

Recycle Right!

ONLY the items listed below should be put into the green recycling carts.

If your curbside cart does not hold all your recycling, please use the guidelines on the back side of this sheet to free up room in your cart.

YES! METAL CANS

empty & clean - aluminum cans, steel food cans, aerosol cans (lids & tips removed)

YES! PLASTIC BOTTLES, JARS, & JUGS

Clean, *empty*, plastic bottles, jars, and jugs, like from water, milk, juice, laundry detergent, bleach, coffee, shampoo, peanut butter, etc. Lids may be left on.

YES! PAPER & CARDBOARD

junk mail, office paper, newspapers & inserts, magazines & catalogs, **flattened** cardboard boxes, **flattened** cereal & snack boxes, clean pizza boxes, etc.

.....

Need more room? Pack flattened boxes into a larger box, and place that packed box next to or on top of your green cart.

Questions?

Just give us a call or send an email and we'll be glad to help

The following items **CANNOT** be recycled in the Curbside Recycling Program

- Styrofoam
- Cups of any type
- Plastic microwave dishes, bowls, etc
- Tub-like containers (margarine, yogurt, cottage cheese, sour cream, etc.)
- Plastic bags, plastic toys, plastic dishes
- Hinged plastic or Styrofoam food containers (carry-out or clamshell containers)
- Kitty litter buckets, other buckets or pails.
- Potting containers for plants (pots, trays, cell packs)
- Motor oil, herbicide & pesticide containers
- Light bulbs, windows, drinking glasses, ceramics, glass cookware or serving dishes
- Kleenex, napkins
- Paper plates, Paper towels
- Food waste
- Clothing, fabric, towels, etc.
- Batteries
- **No glass bottles** - glass bottles get broken by the compactor truck and we will not be able to recover them. However, the community recycling boxes **DO** accept glass bottles.

Do you have more recyclables than will fit in your green recycling cart?

Here's a few things you can do that will help

Make sure all materials in your cart are curbside recyclable

✓ Check the materials we do and do not take, on the other side of this sheet. Remove any items that cannot be recycled.

✓ Flatten all boxes, and pack the flattened boxes into another box that you set next to your cart

After removing packing peanuts, Styrofoam packing, plastic pillows, etc., flatten your boxes and stuff them into another box.

Also flatten cereal boxes, snack boxes, pop case boxes, cracker boxes, etc.

Need a little more room?

✓ Milk jugs take up a lot of space, but are easily flattened.

Still have overflow?

If you regularly have overflow recycling (not including boxes), which is less than a 30 gallon bag, please ... put the overflow into a box or bag that will hold it and set it next to or on top of your green cart.

If you regularly have overflow that is more than a 30 gallon bag, please give us call, and we will help you.
